NEW

"SBF" SPEAKER STANDS

Thanks to its 1/4 inch steel plates, our most popular stand offers excellent rigidity and exceptional value. The central pillar can be filled with sand or lead for increased mass. The rounded corners and gold dome nuts complete the SBF's clean visual appeal.

Available in platinum or black in 12, 16, 20, 24 and 28 inch heights.

"REFERENCE" SPEAKER STANDS

Quite simply our best! The Reference is designed for the audiophile who demands the best from his speakers. Four fillable pillars with 3/8 inch ultra heavy steel plates. Unconditionally rigid, using 3 floor spikes for ideal decoupling. A sonic blockbuster!

"SIGNATURE" SPEAKER STANDS

By using a unique injection molded insert (one per pillar) with special vibration dampening qualities, the Signature stands are a major breakthrough. Rigid and inert, their slim and elegant shape are enhanced with an attractive finish and gold dome nuts. Available in 16, 20, 24 and 28 inch heights.

"A" SPEAKER STANDS

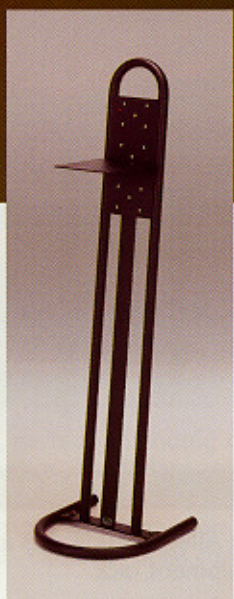

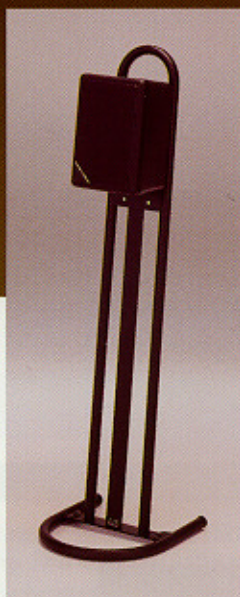

An economical all metal speaker stand offering durability and 3 adjustable floor decoupling spikes. The metal uprights are "V" shaped for greater rigidity.

NEW

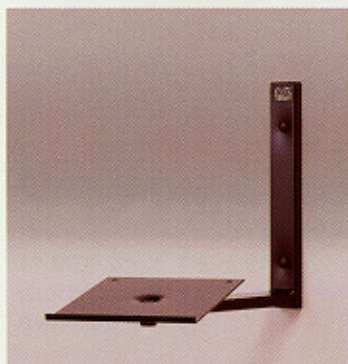

PRO SPEAKER STANDS

Intelligently mixing elegance and superb performance, the PRO will make you realize how much a good speaker stand can improve the musical performance of your speakers. Pillars can be filled with sand or lead for increased mass. Available in platinum or black in 20, 24 and 28 inch heights.

451

This stand was designed to meet the challenge of surround sound. Speakers can be attached directly or can sit on its adjustable shelf (29" to 36"). Speaker wires can be hidden from view with this attractive and convenient stand.

"WB1" SPEAKER STANDS

A versatile tilt and swivel speaker wall bracket that accommodates speakers up to 25 pounds. Comes complete with mounting hardware.

HARMONY

This modern looking and elegant equipment rack has proven to be our most popular stand ever. Available in platinum or black metal structure and with a selection of honey, rosewood, black or brandy shelves.

REFERENCE SERIES

The ultimate equipment rack, perfectly blending style and structural integrity. The massive MDF shelves are all decoupled with spikes and superbly finished in honey, rosewood, black lacquer or brandy. Available in 4 or 5 shelves versions with provision for an additional shelf (Reference 4 and 5 only). Optional brass cones also available.

Reference Amp Base

A rigid and gorgeous stand for amplifiers. Available in honey, rosewood, black lacquer or brandy.

The Match

Perfectly complementing the Reference series, THE MATCH uses two ultra heavy steel uprights and a spiked MDF bottom plinth. The front pillar is sandfillable - the rear pillar can conceal the speaker cable. Available in honey, rosewood, black lacquer or brandy in 20, 24 and 28 inch heights.

Reference AV

Reference AV for large components or TV & video system. Decoupled MDF shelves. Also includes hardware for swiveling top shelf. Available in honey, rosewood, black lacquer and brandy.

Reference Rack 3

Lower height equipment stand. All shelves decoupled and made from massive MDF superbly finished in honey, rosewood, black lacquer and brandy. Also makes a great TV stand.

SYMPHONY SERIES

The Symphony 1 uses 2 inch tubular steel supports & 1" MDF shelf. This spiked stand can be stacked & the width (22 1/4") allows a wide range of equipment. Available in 4", 7" or 10" height - titanium or black.

The Symphony 5 uses one MDF shelf & four tempered glass shelves. Available with all MDF shelves in titanium or black. A Symphony 1 stands can be added. Amp base also available.

ALLEGRO SERIES

The Allegro Series uses 1 inch shelves beautifully finished in anigre, black or rosewood. Four connecting rods bolt the stands together for outstanding rigidity. Available in titanium or black metal finishes.

ALLEGRO VIDEO

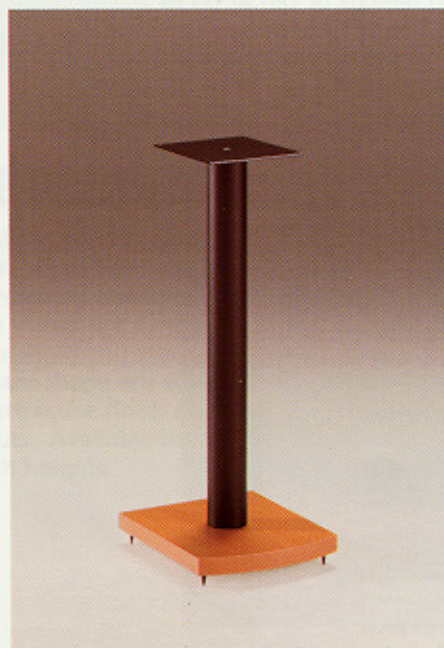

The Allegro Video features a swiveling top shelf for perfect TV positioning.

ALLEGRO AUDIO

The Allegro Audio 1 is a one shelf equipment rack.

The Allegro Audio 4 is a four shelf equipment rack. An Allegro Audio 1 can be added for extra height.

"ALLEGRO" SPEAKER STANDS

Allegro speaker stands match the Allegro racks perfectly. Available in 20, 24, or 30 inch heights with black structure.
